Dearest Mom, Pop & Sis - Hope
my new Alice's place either sold
or rented so you can all relax.
Been having a week of grand wea.
90° was hottest, but not complaining
for water are very cool, & no
humidity with our heat & after
weeks of cloudy or rainy wea.
The heat feels rather good, but
hard on the water bill. Probably
be 10% this month - for a state with
so much water their water bills are
a racket! But just can't let the
fun die out entirely. Been busy
sorting letters, drawings etc - a job
I dislike - but so much "getting ~~me~~
ried" to be done in the event were
moved within 6 months. The last
2 moves have been so piece meal.
Things are still in a messy confusion
when you coming up for your visit.
Anytime is fine with us. Love
Abe & Coop
